■ **SOUTH FRONT APARTMENTS [Landscape Plan Review]**

1. Show the proposed landscaping proposed for the planting area, directly across from a R25' landscape island.
2. The site plans show 2 Flowering Yoshino Cherry Trees within the site distance triangle for the Greenfield Street driveway.
3. Position the Trees outside the Sight Distance Triangle or provide tree size and species that will provide clear visual sight lines from 30 inches to 10 feet in height.
4. If the sight lines are not clear, it could contribute to accidents that may occur at this driveway.
